

PRIVACY NOTICE

With the following information, we would like to give you an overview of how we will process your data and of your rights. The details on what data will be processed and which method will be used depend significantly on the services applied for or agreed upon.

A. Sources and Categories of Personal Data Concerned:

We process personal data that we obtain from our clients in the context of our business relationship.

We process the following categories of personal data:

1. Personal: Name, Age, Gender, State,
2. Health care related data: Diagnosis Code, Diagnosis Price
3. Special categories: None

B. Purpose of processing your data and Legal Basis of Processing Data:

We use your personal data to provide service(s) agreed with you through commercial contracts, mainly for the following purposes:

2020AI collects data, transforms it for analysis, runs analytical algorithms, and prepare visualizations using emerging technologies like Artificial Intelligence (AI), Machine Learning (ML) and deep learning in order to make better analysis and conclusions.

C. Legal Basis for processing your data:

1. Performance of a contract

D. Recipients of Data

We do not transfer or share your data to any third party for any kind of further processing

E. Transfer of Personal Data Abroad

2020AI will pass on your personal data to third parties mentioned below:

International organization	Purpose of sharing the data	Safeguard in place to protect your data
Microsoft Azure	Hosting of data	Has all the relevant security and privacy certifications and/or compliances in place to protect the data. https://docs.microsoft.com/en-us/azure/compliance/

Please contact us if you would like to request to see a copy of the specific safeguards applied to the export of your information.

F. Further processing

If 2020AI wish to use your personal data for a new purpose, not covered by this Data Protection Notice, then we will provide you with a new notice explaining this new use prior to commencing the processing and setting out the relevant purposes and processing conditions. Where and whenever necessary, we will seek your prior explicit consent to the new processing.

G. To What Extent Is There Automated Decision-Making?

In establishing and carrying out a business relationship, we generally do not use any automated decision-making. If we use this procedure in individual cases, we will inform you of this separately, as long as this is a legal requirement.

H. Will Profiling Take Place?

We do not process any of your data automatically, with the goal of assessing certain personal aspects (profiling).

I. How long do we keep your data?

2020AI keep your personal data for no longer than reasonably necessary for a period agreed in the contract.

J. Your rights and your personal data

You have the following rights with respect to your personal data: -

- The right to request a copy of your personal data which 2020AI holds about you;
- The right to request (Right to Rectification) that the 2020AI corrects any personal data if it is found to be inaccurate or out of date;
- The right to request your personal data is erased (Right to Erasure) where it is no longer necessary for 2020AI to retain such data;
- The right, where there is a dispute in relation to the accuracy or processing of your personal data, to request a restriction is placed on further processing;
- For the above rights to be exercised, please contact your data controller, who in turn will instruct 2020AI (data processor) to process the request, since we have a contractual relationship with the data controller.

K Data Security

Commensurate with the responsibility of handling the Personal information, we have a robust framework of policies and procedures to encompass information security, data protection and privacy. We have adopted and strictly practice, internationally accepted information security standards and we are currently in the process of getting certified for complying with ISO 27001:2013 Information security standard.
